

Coose NUT P

ON HEIFERS

Tulla Jaguar x Monaduff Lord

*3.2.2021

Another bull from the top Coose simmentals breeding. Nut is only related to Jericho (their great-grandmother is the legendary **Raceview Merle-Beauty**). Gambler, Kojack, Las Vegas are from a different cow family and are not related to each other either.

Nut P is with a son of the bull **Tulla Jaguar P**, who works on the breeding operation. His progeny are very homogeneous, long and well muscled. His other domain is easy births, we expect the same from Nut.

Nut's dam is **Curaheen Angel**, who was sold at the Curaheen farm sale for **12,000 EUR**. Angel is a cow with a huge pelvis and great rump muscling. Nut impresses especially with its body length, pelvis and harmonious muscling. We recommend him for heifers where you need to improve muscling and pelvic dimensions.
